

## JIM SAMPSON DIES HERE TUESDAY NOVEMBER 18

### HEART ATTACK IS FATAL TO BUSINESS MAN HERE

James M. Sampson, 65, died in the Cameron Hospital at 4 a. m. Tuesday, November 18, 1941.

Mr. Sampson had been under treatment at the hospital for several weeks, following a heart attack, the second such attack within the past few months.

Devoted to his late father, T. G. Sampson, who died on Monday, Sept. 22, the death of his father greatly saddened his life and may have contributed somewhat to the ailment which caused his death at an early hour this morning.

Mr. Sampson had been in declining health for a number of years and during the past 12 months had been in serious condition at various times due to heart ailment.

Funeral services will be held at 2:30 or 3:00 p. m. Wednesday from the E. L. Taylor home with Rev. J. P. Love, Pastor of All Saints Episcopal Church, conducting the services. The funeral hour will be determined later.

The body is at the home of his sister, Mrs. E. L. Taylor and will remain there for the funeral Wednesday. The Coleman Funeral Home will direct arrangements and interment will be made in Oak Hill Cemetery in the Sampson burial plot where his late father, T. G. Sampson, widely known Pioneer, lies buried.

James M. Sampson was born in Cameron. The old Sampson home place was located one mile east of the business section along what is now the Santa Fe Railroad, overlooking the valley of Little River. His parents were the late Mr. and Mrs. T. G. Sampson, from Pioneer families who settled in Milam county shortly after Texas became a Republic.

He attended Grammar School in Cameron and also High School here from which he graduated. In those days he was a member of the ruling social set because of the prominence of the family and made many friends of a life time who are sincerely shocked at his death. He would have been 66 years old in January 1942.

After his graduation from High School here he went to Texas A & M College, later transferring to Eastman National Business College in New York where he graduated with a fine record and took up a position in New York City where he lived for several years.

His father, the late T. G. Sampson, was interested in the Citizens National Bank, and James came home, a young business man from New York, to take a place with the Citizens National Bank when it was organized and remained with the Bank until 1906. He had become Cashier of the Bank at the time he left it.

Mr. Sampson went to Rosebud to become an official in the First National Bank of Rosebud where he held a responsible place and from which he resigned to become Cashier for the Rotan Grocery Company in Waco, a wholesale firm.

He lived in Waco for a number of years, but left that city to engage in business in California. While living in the west Mr. Sampson became interested in mining and also real estate operations, but lost his health and came back to Cameron after many years away, to be with his father, who had reached an advanced age.

He came back to Cameron about 16 years ago and became associated with the Sampson estate to assist his father in managing rental properties and other interests here.

In 1906 he married Miss Alex Whitman of Cameron. A son, Tom Sampson, Jr., now lives in Harlingen in the Rio Grande Valley.

Surviving are his widow, Mrs. James M. Sampson of Waco; one son, Tom Sampson, Jr., of Harlingen; one brother, Fred F. Sampson, prominent business man of New York City; and one sister, Mrs. Ed L. Taylor who was formerly Miss Florine Sampson of Cameron.

The Sampson family is prominently related and are the descendants of the McCowns, Popes, Goodhue Wilson and Smith, all prominent families of Cameron and Milam county.

At the home of Mrs. Taylor it was said that Fred F. Sampson of New York would arrive in Dallas by plane late today.

Hoschton, Ga.—An aged Scots-woman writing her thanks for bundles to Britain, says Mrs. J. P. Mahaffey, gave this recipe for taking a bombing:

"When the air raid warning sounds, I take the Bible from the shelf and read the 23rd Psalm. Then I put up a wee bit prayer. Then I take a wee drap 'o whisky to steady my nerves. Then I get in bed and pull up the covers. And then I tell Hitler to go to hell."

## BENNIE WINFIELD DIES IN TEMPLE HOSPITAL

### HEART ATTACK IS FATAL TO BUSINESS MAN HERE

Bennie Winfield, 50, widely known Cameron business man, died at 3:30 o'clock this morning in King Daughters Hospital in Temple.

Mr. Winfield suffered a heart attack on Thursday, November 13, and was taken in an ambulance to Temple for treatment. A report on his condition published in the Herald early this week indicated he had made some progress toward recovery and on yesterday hopes were held that he might be able to return to his home within a few days.

He suffered another attack late Wednesday and his condition grew steadily worse through the night culminating in his death at 9:30 this morning.

The body was returned to Cameron shortly before noon by Carroll Green of the Green Funeral Home and will be at the Funeral Home until the family complete arrangements for funeral services.

No announcement had been made as to the time of the funeral, but it was understood he will be buried in Jewish Cemetery in Waco with Rabbi Mocht conducting the services assisted by Rabbi Blumenthal. The day and hour of the funeral, it was said, would be contingent upon word from relatives in California.

The Jewish Memorial service, it was understood, will be held this evening. Mrs. Winfield, suffering greatly from the shock of her husband's death, could not be reached to ascertain any details of the arrangements which will be made for the funeral, but it was believed the services would be held at the home by Rabbi Mocht, preceeding the burial in Waco.

The City of Cameron was severely shocked when word reached here that Mr. Winfield had died. He was popular with the people and one of the leading business men of the city, being associated in part ownership of the Cameron Fruit Company, along with his brother Adolph Winfield and Sam Kestenbaum.

Mr. Winfield traveled the territory for the Fruit Company and had lived in Cameron since 1916. During his connection with the Company the business had grown to a large extent to become one of the leading Wholesale firms of Central Texas.

Mr. Winfield was born in Hungary which at that time was a part of the Austro-Hungarian empire. He came to America about 1911 and it was understood had settled in Fort Worth, later coming to Cameron.

He is survived by his widow and two children; one daughter, Myra and a son Sammy, both students in Cameron schools. Mrs. Winfield was reared in St. Louis. A brother, Adolph Winfield, survives and lives in Cameron and the names of other surviving relatives were not known.

Several years ago Mr. Winfield and his brother Adolph, established the Winfield Bros. Dry Goods Co., in Cameron which is managed by Mrs. Adolph Winfield.

## Santa Comes to Pierre

By Jules Bevan

OLD MARIE didn't quite understand about Santa Claus, but her little Pierre did. Pierre went to school with the other boys while Old Marie sewed dresses in the sweat shop. It had been that way ever since Jacques died, two years after they left sunny France and came to New York.

"Mamma! little Pierre would ask her at night, 'Please, Mamma, will Santa Claus bring me the violin from Rubens' pawn shop this Christmas?'"

Then he would stare expectantly while Marie tried to find an answer. She usually promised him Santa would, for little Pierre wanted the violin so badly. But as Christmas grew nearer the groceries and coal

"Pleez, m'sieur, a penny! She cried to the passers-by.

and shoes used up all her savings—there was nothing left for Pierre's violin.

Marie was usually stolid, but she felt sad when she left the sweat shop Christmas eve. Little Pierre would be home waiting for Santa Claus and the violin. Pierre had seen it in the window at Sam Rubens' pawn shop only yesterday, a big five-dollar price tag tied around its neck. How sad he would be if this Santa Claus fellow forgot him!

Marie was swept along in the Christmas Eve traffic, downhearted. But despair gave way to triumph, for a plan suddenly came to her amid this confusion: She would beg for alms like her grandpere had done back in Paris! These Americans—they seemed happy enough to help her on Christmas eve!

"Pleez, m'sieur, a penny!" she cried to the passers-by on Broadway. "A penny for my leetle Pierre's violin!"

Marie had collected seventy-eight cents before the big Irish policeman saw her.

"Here now, old gurrul!" he protested. "Don't yez know ye can't panhandle here? Come along now to th' station!"

A few minutes later old Marie was pouring out her story to the gruff desk sergeant. She was confused.

"Thees panhandling," she complained. "You say I cannot do it. But I only try to get money for the violin, so your Santa Claus weel come to my leetle Pierre. See?"—she held out her money—"I only need four dollars and twenty-two cents more!"

"Well, now, that's different," the sergeant replied. "Come boys!"—he addressed the policemen gathered around his desk—"let's kick in the five dollars to buy a violin for Marie's little Pierre! Sure now, and where's your Christmas spirit?"

A few minutes later a grateful old Marie was hurrying down the snow-covered side street to Sam Rubens' pawn shop. But alas! Sam was just handing the violin to a well-dressed old gentleman as Marie stormed in.

"Pleez, m'sieur!" she cried. "You mus' not buy it. The violin, she is for my petit Pierre. See? I have five dollars!"

The white-crested purchaser was dumbfounded.

"But madame," he answered. "I have just bought it for my grandson's Christmas."

"N'importe!" Marie protested, adamant now. "You mus' sell it to me. The policeman, they have given me the money, see? My leetle Pierre, he will be so disappointed!"

The old man looked at Sam.

"Have you another violin?"

"For seven dollar I got a better one," Sam's eyes lighted up. It looked like another sale.

"All right, madame," the gentleman spoke to Marie. "Here's your violin. Give me the five dollars."

"Merci, m'sieur!" Old Marie cried. "My Pierre, he will be so happy!" With that she dashed out into the night, happy at last.

Pierre was asleep when she arrived home, but he found the violin on the table next morning. It glistened like new inside the weather-beaten case.

"Mamma!" he cried with glee. "Mamma! The violin! But how—where—who gave it to me?"

Old Marie's eyes filled with tears. "Santa Claus brought it, Pierre. Of course—Santa Claus. Then there was the policeman and the kind grandpere."

But Pierre didn't hear the last. He only knew Santa Claus hadn't forgotten!

## JAP DIPLOMAT SEES PRESIDENT ROOSEVELT

The Japanese Diplomat, Karusu, conferred for over one hour with President Roosevelt Monday.

The conference took place in the Red Room of the White House and when he emerged he would make no statement concerning what had transpired in the conference. It was the first talk of a number to be made in an effort to settle the far eastern situation.

Earlier in the day Mr. Karusu had conferred with Secretary of State, Cordell Hull. The fact that he was able to arrange a conference with President Roosevelt so soon after his arrival in Washington was taken as an indication of the extreme gravity of the far Eastern crisis.

It was believed that nothing would be learned concerning the discussion for at least the next 24 or 48 hours, depending on the progress of negotiations.

It was believed the United States government will not agree to the Japanese demands.

In Tokyo this morning Premier Tojo addressed the Japanese Diet in which he charged that the United States is waging an economic war upon Japan, the gravity of which is only slightly less than the use of arms. The Japanese situation is very critical.

When the United States stopped trading with Japan the country found itself face to face with the loss of their war power by reason of the fact that the stoppage of gaso line and oils was a vital blow.

News Commentators may be able to give more comprehensive reports this evening.

## John L. Lewis Defies Roosevelt; Calls Out Miners On Strike

John L. Lewis has defied Roosevelt and the government. He refused to cancel strike orders and miners in the captive coal pits are out on strike.

Only two contingents of the mine workers are on the job.

Mediators are still wrangling but coal production has been stopped and that is what Lewis apparently had set out to do.

The next move is up to Roosevelt. As long as they are discussing the matter it may be good policy to say "we are making progress." In that case it may be months before a decision is reached.

In the meantime Mr. Roosevelt is on the spot with Congress getting its dandruff up over his failure to deal with the labor racket.

## Ship Captured by U. S. Cruiser a Nazi Owned and Operated

The navy department announced shortly after noon Monday that the surface raider captured by an American cruiser in the waters off South America is a German ship and manned by a German crew.

The ship is now in port off Porto Rico and charges will be filed in a United States Court.

The German government early Monday said it was not a German ship and not manned by a German crew but a British ship.

The Germans lied about it. It is a German ship and flew an American flag. The German crew attempted to blow up the ship but a crew put aboard from the cruiser, saved the ship.

## NEW YEAR'S CELEBRATION

**LUCILE PARKER** was standing at the door of her apartment looking out at a gorgeous New Year's setting—the heavily packed snow, the crisp seasonal atmosphere and the moon shining down upon it all!

"What a night!" thought she. What fun it would be to join in the New Year's celebration for once. This she had not done for some time, as her husband had always attended the annual stag party and had never thought she minded.

Now when he kissed her good-by and happily rushed off, she somehow felt a stifling vacancy in her heart, and longed to go with him.

The stag party, ablaze with lights, was in full swing, the very air permeated with the rip-roaring,

**In Rushed a Band of Masqueraders Waving Banners.**

hilarious spirit of New Year's! Streamers and decorations hung from walls and ceiling, also banners bearing all sorts of quotations such as "No Ladies," "Night of Nights," and so on.

At the very height of the celebration with the music raging in thunderous tones, the door opened, and in rushed a band of masqueraders waving banners, blowing horns and scattering confetti.

The orchestra started playing—"My Wife's Gone to the Country, Hurrah!"

That was too much! The masqueraders pulled the masks from their faces and the startled stags beheld their own wives.

Before they knew it each one had a partner and was dancing merrily, regardless of entangled streamers and confetti, regardless of the unexpected interruption, regardless of everything, only conscious of the New Year's Spirit.

## Old New Year Customs

**Survive in Scotland**  
In Scotland, New Year's day is said to transcend Christmas as the most important festival of the year. Many old customs still are preserved and widely followed. "First footing" is a midnight custom of New Year's eve. The person who first, after the stroke of the new year, sets foot inside the house of a friend, remains the guest throughout the day and is a privileged friend throughout the year.

BELTON TIGERS BEAT  
ROCKDALE 26 TO 12

By BLACKIE SHERROD

Telegram Sports Writer

Belton, Nov. 14.—A makeshift bunch of Belton Tigers, facing the very probable fate of winding up in the 33-A cellar, backed their ears, shifted a couple of offensive gears and whipped a band of gambling Rockdale Tigers 26-12 tonight in a wild passing battle.

The winners played without the service of their first string guards, Cooksey and Horton, and with a revamped backfield. Coach Bob Safley shifted the ball carrying and passing shores to H. C. Chapman and the speedy 145 pounder came through in magnificent style but it was the heavy blocking and defensive duties of Vernon Barge and Ed Muehlhause that played the major role in the victory.

Chapman Scores Early

Chapman personally accounted for the first score after his 35 yard gallop on Belton's opening play from scrimmage put Rockdale in a hoie. He intercepted one of Leech's passes on the Rockdale 19 and drove over in two plays. Rockdale tied the count a few moments later when Leech, with his passing, and Eiland's running paced a 61 yard drive. Eiland plunged over from the four yard stripe.

Barge intercepted another of Leech's passes, one of five Belton interceptions of the night, and galloped 60 yards for six points in the second stanza. A few plays later Chapman found Barge with a pass and Barge made a great catch and run of 25 steps to add to the total. Muehlhause missed the first and third goal attempts. Another Belton drive went to naught shortly before the half's end when Rockdale stiffened on the goal line.

Pass Scores For Rockdale

Chapman passed to Barge again early in the second half and Barge stepped 30 yards more for the fourth Tiger score. Muehlhause converted. The Rockdale eleven's final touchdown came as the result of a short Belton kick that was killed after going only 10 yards to the Bengal 12. Leech heaved to Darden, who played a whale of a game at end, hung onto the ball over the goal line.

Belton sacked up 110 yards on run-

ning plays to the Rockdale's 89 and gained 139 yards through the ozone to the losers' 101. First downs favored Rockdale, 10 to five.

Chapman's passing and running along with Barge's receiving and blocking spelled the Belton offense. York and Roy Potts, who filled the empty guard shoes, turned in nice defensive games along with Cantrell.

Belton Blocking Strong

For Rockdale it was Leech, Eiland and Edwards in the backfield and all-district tackle and end candidates, Backhaus and Darden, in the line.

Belton's blocking reached a new high for the season; the line blocked well and the downfield blocking was crisp and deadly. Rockdale threw a gambling offense on the field, one that was dangerous every play, but it was Belton's night—by a 26-12 margin, in fact.

Rogers Juniors  
Defeat Cameron

Rogers, Nov. 13.—The Rogers junior football team defeated Cameron's juniors by a score of 26-0 in a game played on the Rogers field Wednesday night.

Rogers, scoring in every quarter, had the game under control from the start. Calvin Shenkir turned in one 61 yard and another 72 yard scoring run and plunging over for a third score. A. W. Underwood accounted for the other touchdowns and passed for two extra points. Cameron threatened only once when a 60 yard drive bogged down on the Rogers' 10 yard stripe.

GERMANS LOSING ON  
THREE FRONTS TODAY

Russia's Red Army has taken the offensive and the Germans are being beaten all along the Eastern Front from Leningrad to the Donets basin, with their heaviest loss in the Moscow or central area.

The Germans were also being held in the Crimea but the Germans were making some headway there.

The German and Italian High Commands both said that the Red Army is on the offensive. The Russians have recaptured some 20 villages around Moscow and have thrown the Germans back for miles.

Hitler was throwing fresh troops and reserves into the Moscow battle in an effort to stop the Russian successes.

From Moscow the Red government said that the tide has turned and in favor of Russia. Joseph Stalin pledged that the battle line would remain west of Moscow.

The Reds were beating back the Germans with tanks secured from Great Britain and the United States. It was the first time effective use had been made of these machines. The Russians are throwing fresh armies into the battle and seemed definitely out in front with new equipment and greater man power.

### CZECH SUPPER

(Continued from page one)

American people and the people of Milam county will be happy to contribute through this Marak supper whatever means they have that the good work may be carried on.

The Czech people for centuries were under Austrian dominion. For a long time they were known as Bohemians because ancient Bohemia was then a part of Austria. When the Republic was formed it was known as Czechoslovakia including the b'oods of the peoples of Bohemia, Moravia and Slovakia. The Czech tongue is one of the oldest of known languages in Europe. The oldest University in the world is located in Prague, Czechoslovakia.

An industrious, capable people, they set about and within 20 years from the time of the creation of the Republic to its destruction by Hitler in 1939, Czechoslovakia became one of the model nations of the world and its industry, especially the production of arms and munitions, was the marvel of the world.

Today the little country is under the cruel hand of Hitler.

Some day in the not distant future the yoke will be thrown off and Czechoslovakia will live again because the Czech people are fundamentally democratic and know the value of justice and freedom.

Judge Jeff T. Kemp, county judge and George Banzhaf, former county agent, encouraged the boys. Both expressed their pleasure with this sort of work in Milam county during the National Emergency.

C. L. Redus, Negro Agent, said a swine show will be held in Cameron next spring to feature the Sears Roebuck gilts with prizes for the pig growing contest. These pigs and others in the county will be fed and bred under the direction of C. L. Redus, Negro Agent.

These pig shows will be held for a number of counties and winners will be shown at some place in the Northern District with a pure bred heifer as first prize and \$15, \$10 and \$5 prizes to be awarded in order.

## GET READY FOR WINTER GAS MEN WARN USERS

Local gas users are being urged by J. R. Bush of Community Natural Gas Company to check their appliances and house piping now, to be sure they are ready to go into the winter heating season.

"It's a mistake to wait until really cold weather sets in before making sure that appliances and piping are in good condition," the gas men point out. "The beginning of the heating season often means several accidents involving gas equipment. Stoves are sometimes carelessly set up by inexperienced people. Worn out rubber tubing is used to connect appliances to gas connections. Wall cocks may have been battered and loosened during the summer and fall readjustments of furniture. Accidents from any of these sources can be eliminated by having a test made for leaks, and correcting any possible hazards around the house."

Through the summer months the gas company's crews have been busy extending and repairing service and main lines, replacing worn equipment, and getting their whole system in readiness for the heavy winter demands of its users. "In the face of rapidly rising operating costs

of all kinds, while gas rates remain at the same low level, the gas company is striving to keep its property and equipment in first class condition to protect the service of its customers. No gas service, however, is better than the equipment in which it is used," local gas men warn. "That's why we urge our customers each year to get their equipment in shape for winter before they need to use it constantly."

## Cooperating with our Government by CONSERVING Materials Needed for National Defense

The Texas Power & Light Company, for the past 29 years, has kept pace with the needs of the area it serves ... promptly providing ample, dependable, low-cost electric service to its customers at all times ... making extensions of its transmission and distribution systems to bring the benefits of electric service to all classes of customers.

Today, this Company is keenly alert to the needs of National Defense. At the very beginning of this emergency it realized that copper, aluminum and other materials required in the construction of new lines would be more needed for the production of defense equipment ... airplanes tanks, guns, ships and ammunition. Accordingly, this Company then began

curtailing construction ... going ahead only with those projects which had progressed beyond the blueprint stage. Today, the construction of all new lines and facilities, except those constructed under a governmental priority rating or which directly or indirectly contribute to the National Defense Program, has been postponed until after the emergency.

It is not easy, after 29 years of extending service when and where it was needed, for this Company to be placed in the position of having to deny benefits of cheap electric service to anyone now not enjoying such service ... but this emergency calls for sacrifices on the part of all in order to help preserve the American Way of Life.

A third extraordinary custom is the wearing of towering headpieces which are brought out only on the December holiday.

### Mrs. Viola Smith Observes 88th Birthday With Children at Home Here; Dinner and Quiet Celebration Is Arranged by the Family

Mrs. Viola Smith, widow of the late Hilliard F. Smith, Sr., Pioneer Texas builder and founder of the Citizens National Bank, was spending a happy day Friday observing her 88th birthday.

The celebration was arranged by her children, all of whom are present, including all grand children, with one exception.

Mrs. Smith is the daughter of the late W. W. Oxsheer who settled on Little River in Milam County in 1837. The old Oxsheer home, a rambling log mansion, still stands on a hill overlooking Little River bottom where the late Mr. Oxsheer acquired many acres of land.

Mrs. Smith lives in the beautiful two story Smith home in Cameron where the children arranged a birthday dinner. With Mrs. Smith is her only sister, Mrs. Dora Letcher of Dallas.

The late W. W. Oxsheer, who was Mrs. Smith's father, was among the number of Pioneers who assisted the late George B. Green to survey out the town site of the City of Cam-

eron.

Mrs. Smith received friends and enjoyed the family association with gifts and thoughtful attentions, including a bouquet of flowers from the employees of the Citizens National Bank on which a card appeared with these words: "From your Bank."

Her children, all of whom are present are as follows: Hilliard F. Smith, Jr., and wife, Mrs. Vernon McIntyre of Alpine, Mrs. Rush A. Thomas and husband, Oxsheer Smith, President of Citizens National Bank, Mrs. Smith and Miss Aetna Smith.

Grand children as follows are also here: Viola Thomas, Goodhue Smith of Waco and Jeanette McIntyre of Alpine, all of whom are students at the University of Texas.

Hilliard Thomas, another grand son, and the son of Mr. and Mrs. Rush A. Thomas, is with the armed forces in Iceland and could not be present, but sent a letter to his grand mother.

#### PEELER-PETRUY

The marriage of Miss Angeline Petruy, daughter of Mr. and Mrs. Jim Petruy and Nealon Peeler son of Mr. and Mrs. Miles Peeler of Buckholts was solemnized at the Buckholts Moravian Lutheran Church by Rev. H. E. Beseda of Caldwell, Pastor, on Sunday, November 9 at 4 p. m.

Yellow chrysanthemums and ferns decorated the altar and yellow tapers burned in candelabras. The bride wore a beautiful ivory satin gown fastened in back with tiny covered buttons. Her finger tip veil of illusion was attached to a cap head dress encrusted with seed pearls. She carried a colonial bouquet of white chrysanthemums. For something old she wore a cameo pin that her mother had worn at her wedding and for something borrowed she carried a handkerchief which was 25 years old, belonging to Mrs. Charlie Williams, a neighbor and friend, she having carried it at her marriage.

The bride was given in marriage by her father with Miss Charlie Frances Williams at the piano. Mrs. Ed Schiler, aunt of the bride, of Houston, sang sweetly "I Love You Truly," further wedding music was given by Miss Williams. Best man, Frank Mitchell of Kosse, groomsmen, Marvin Slovacek of Brenham, maid of honor, Miss Imogene Peeler, sister of the groom of Austin, bride's maid, Miss Doris Ruth Petruy of Cameron, flower girl, bride's sister, Marie Petruy, who carried the ring in a large white chrysanthemum. J. R. Slavacek and Joe Vajdak were ushers. Marie Petruy was dressed in orchid taffeta. Miss Imogene Peeler wore an aqua blue crepe dress with gold trim and carried peach gladiolas. Miss Doris Ruth Petruy's dress was pink taffeta, her bouquet, white carnations. Miss Charlie Frances Williams was dressed in ice blue satin, her corsage was of pink rose buds.

A reception was held at the home of the bride's parents Sunday evening at which time a beautiful wedding supper was served to the wedding party and relatives.

## 3 Christmas Islands, Harbor, Cove, Sound, Are Found in Atlas

Not one, but three Christmas islands will celebrate the Yuletide this year, all of them under the British flag. The first is located in mid-Pacific and is really a submerged mountain 15,000 feet high with only its top above water. The second, in the Indian ocean, is forest-covered and had a population of 40 when the last census was taken in 1898. The last Christmas island is near Cape Breton in the maritime provinces of Canada.

France has a Christmas harbor on Desolation or Kerguelen island about 2,000 miles southwest of Australia. The United States has a Christmas cove near Boothbay harbor, Maine, which is a summer resort.

There is also a Christmas sound near the southern tip of South America about 120 miles northwest of Cape Horn and located in an island belonging to Chile.

## 1939 Toys Sprout Wheels

As Kids Imitate Parents Today's civilization-on-wheels has revolutionized the Twentieth century toy industry. Several decades ago children played with paint sets and cut-out dolls. Now girls and boys want wheel goods. The desire to have an automobile like dad's is so great that toy auto manufacturers must change their designs as soon as new models appear. Velocipedes must be streamlined, scooters must have pneumatic tires, and doll carriages must be of the latest baby buggy designs.

## Uncle Sam May Turn Out to be Just Major Whoopie in Jap Talk

Uncle Sam has been cast in the role of Major Whoopie.

In Tokyo Premier Tojo made a speech to the Diet and charged American encirclement and also an economic war.

The Japs also admitted two million Chinese soldiers are barring the way to a settlement of the Chinese incident.

In Washington the Diplomat Kurusu saw the President. The Japs were firing bitter warnings at Uncle Sam.

If the United States is not sympathetic to Japanese demands the Tokyo government will adopt a stern attitude. In the old days Uncle Sam had a little more sand in his craw so he talks about what he used to do, just like Major Whoopie.

## Grass Fire Threatened Stidham Store at Jones Prairie Monday

Prompt work on the part of the Cameron Fire Department today averted a disastrous fire in Jones Prairie, but for a time threatened destruction of the T. B. Stidham Mercantile Store.

The fire spread rapidly from a near by grass field.

An alarm brought immediate response from the Cameron Fire Department with Frank Richter taking out the Chemical truck and sunffing out the blaze.

## Roy Seaton Jailed After Arrest Here

Roy Seaton, who figured in an affray near the Bartek Bar in Cameron recently when physicians despaired of his life because of wounds inflicted by Roy Halpain, is in Milam County Jail and may face burglary charges.

He was arrested at 11 p. m. Saturday by the Sheriff's Department after he had entered the Henry Michalka home in Cameron.

Mr. Michalka called the Sheriff's office and Seaton was arrested.

Seaton now claims that he was intoxicated and did not know what he was doing.

## Killeen Beats Temple Reserve Team 34-20

Killeen, Nov. 13—Killeen's Kangaroos, at least the first stringers, rolled up four touchdowns in less than a quarter Thursday night and retired in favor of reserves as Coach Lee Peebles' squad ran over a plucky band of Temple Reserves, 34 to 20.

The speedy attack of the Kangaroos, featuring, as usual, the bombing of Tommy Bishop, slipped through for four quick scores and the Reserves accounted for one more in the third quarter.

Bishop was forced to leave the game with an injured ankle and the seriousness of the injury was not determined after the game. The Blond Bomber carried the ball five times and chalked up 14 points while he was in the game, including touchdown jaunts of 80 and 20 yards. Toliver also carried five times and chipped in with 12 points also in the first canto and Levy added another sixpointer in the third.

The Temple squad, led by Andrew Winkler, scored all of its points in the last half against the Killeen second and third stringers. The "B" squad also unlimbered a passing attack that gained plenty of yardage throughout the game.

## AN APPRECIATION OF REV. J. W. MILLS

Rev. J. W. Mills has moved to Conroe where he becomes the pastor of the First Methodist Church. During his pastorate here he has made many fast friends, and his good humor has been the delight of young and old alike. The church of which he was a pastor has made decided progress and advancement. For a long, long while a heavy debt weighed upon the life of the church. Bro. Mills saw the great need of lifting this weight. A campaign was started, in spite of many being doubtful and reluctant, the day of victory came and the task was "well done."

We appreciate his fine spirit. He was part of the good spirit in Cameron. He and his wife are fine Christians whose lives are wholly dedicated upon the altar of service. As a preacher his soul flamed with the love of God. As a citizen of our town he was devoted to the best.

## Oklahoma—'89 . . . it was LAND that they were after!

The drama of Oklahoma, '89 . . . it stands even today as a symbol of man's eternal hunger for the land. While those thousands stood at the line, waiting for the barrier to be lifted—for Congress had decreed Oklahoma open to settlers—there was but one thought in the minds of all; LAND—a place on which to live; soil for crops; LAND—to own. Not soft men and women, these "Sooners" . . . they got what they wanted.

## LAND IS WEALTH
